

# Congressman Steve Chabot

## PRO-LIFE HIGHLIGHTS

**Congressman Chabot is an original co-sponsor of:**  
H.R. 962, the **Born-Alive Abortion Survivors Protection Act**, which requires that a child born alive after an attempted abortion be admitted to a hospital and receive appropriate medical treatment.

H.R. 4934, the **Dignity for Aborted Children Act**, which requires that abortion providers arrange for the cremation or interment of the remains of unborn children.

H.R. 4399, the **Support and Value Expectant (SAVE) Moms and Babies Act of 2019**, which prevents the Food and Drug Administration from approving new or loosening current restrictions for abortion drugs and prevents their dispensing via mail or through telemedicine.

**Congressman Chabot co-sponsored H.R. 5582, the Parental Accessibility Rights for Emergency and Negligent Treatment (PARENT) Act**, which requires healthcare facilities that receive Medicaid or Children's Health Insurance Program funds to include parental consent and notification policy information on their website and in print upon request.

**He has worked to Prevent Abortion Funding Worldwide:**  
As a senior Member of the House Committee on Foreign Affairs, **Congressman Chabot joined his colleagues in sending a letter to Secretary Pompeo urging him to close a loophole for domestic Non-Governmental Organizations**, particularly those that actively promote abortions overseas, from engaging in abortion-related activities overseas.

**Congressman Chabot is committed to making the Hyde Amendment permanent and government-wide law.**

The Hyde Amendment has saved an estimated two million innocent lives by stopping taxpayer dollars from being used to fund most abortions and abortion coverage through the Medicaid program. Among its many failures, the Patient Protection and Affordable Care Act (ACA) does not conform to the Hyde Amendment, which results in taxpayer dollars flowing to over 1,000 abortion-covering health plans according to a 2014 audit. **By repealing the ACA, Congress can replace it with a program that does not include subsidies for abortion.** Congressman Chabot supports the repeal of the ACA and is a co-sponsor of the American Health Care Reform Act, which would serve as an avenue to repeal the ACA while upholding pro-life values.

**Congressman Chabot signed onto the June Medical Services, LLC v. Gee amicus brief, which supports a Louisiana law requiring abortion providers to also have admitting privileges at nearby hospitals.** It is expected that the Supreme Court will hear arguments and decide this important issue during its current term.

**One of Congressman Chabot's proudest moments during his time in Congress was on November 3, 2003, when President Bush signed into law legislation that Congressman Chabot authored, the Partial-Birth Abortion Ban Act.** Nearly four years later, in 2007, the Supreme Court upheld the constitutionality of the law. The Partial-Birth Abortion Ban Act put an end to a procedure that many have referred to as infanticide, and confirmed that this sickening practice has no place in our society.
